

Organized by: Croat folklore society “Naša baština“ Globalarica

Duration: daily tour

Short description of the daily tour:

Globalarica cycling race is a recreational type ride starting from Globalarica to Zavidovici - Viniste - Zepce - Bistrica- Zavidovici and ending in Globalarica, crossing the distance of 49 kilometers. This cycling race promotes a healthy lifestyle. The venue of the cycling race is always the first Saturday in August.

The project arose from the need to improve the current life of the population in the local community Globalarica, primarily of young people who make up 42% of the total population of this area. At a time when young people spend more time in the room in front of computer, socializing online, which is a worldwide growing trend carrying adverse consequences for young people, this arrangement motivates young people to live their lives to the fullest and not in cyber space, because the missed period of youth cannot be compensated. This arrangement promotes healthy living, enjoying and exploring of the local landscape, nature and sports.

Globalarica cycling race is recognized as a significant cultural and sporting event for the fourth year, bringing together approx. 150 participants, and each year this number is growing. It becomes a gathering place for young people from Globalarica, surrounding municipalities of Zepce, Zavidovici and Maglaj, and guests from Croatia, Slovenia, Austria, Germany...
