

Thanks to the participation in the Slow Tourism network, your business will:

- contribute to the safeguarding of the territory through the adoption of best practices capable of reducing environmental impact
- differentiate itself in the tourism market through the improvement of the quality of hospitality
- increase its national visibility by being present with a promotional page and photo gallery in the web site www.slowtourismclub-bih.org
- increase its international visibility by being present with a promotional page and photo gallery in the web sites of all Slow Tourism associations which are currently being established in Europe
- be part of sustainable holiday packages that will be promoted through various web sites
- be able to increase the fidelity level of clients/tourists/travellers by issuing the Slow Tourism Passport
- will reduce waste
- will receive an informative newsletter

...and so much more.

[READ THE QUALITY REGULATIONS](#) created for your tourism enterprise and contact us to make your business the place for sustainable and responsible holidays.
